DAB-FEKA300A

SUBMERSIBLE DRAINAGE PUMP SOLUTIONS

Multi-purpose submersible pump for drainage, emptying, pumping water between containers and small irrigation. Suitable to pump dirty water containing particles with maximum diameter up to 30 mm.

- Anti-corrosive and rust-proof materials
- Motor with thermic overload protection
- Wear resistant shaft and impeller
- Excellent cooling of the motor that enables the pump to operate even when it is partially submerged
- Automatic version with start/stop float switch
- Supplied with power cable with plug and self-sealing fitting
